

Our capital market consulting portfolio is rounded off by additional services.

[Company Valuations](#) are required in various stages of corporate development. Since 1996, we have valued pre-IPO and listed companies.

At [Road Shows](#) we make the right contact between our customer companies and institutional investors.

At [Investor Conferences](#) , a company's equity story is presented to a group of potential investors. Independent Research supports your company in this important process and provides optimal preparation for the investor conferences to executives.

Our [News Research](#) department compiles an overview of the most important news on behalf of banks that want to provide this service to their clients daily before market open.
